DETAILED ACTION

1. This Office Action incorporates Reasons For Allowance.
2. The Applicant's Amendment After Non-Final filed 9/28/2009 has been entered and made of record.
3. The application has pending claim(s) 1-4, 6-9, and 11-12.
4. In response to the amendments filed on 9/28/2009:

The "Claim rejections under 35 U.S.C. 101" have been entered and therefore the Examiner withdraws the rejections under 35 U.S.C. 101.
5. Applicant's arguments, see "Rejections Under 35 U.S.C. 103 ..." in pages 7-8 respectively, filed 9/28/2009, with respect to claims 1-4, 6-9, and 11-12 have been fully considered and are persuasive. The 35 U.S.C. 103 rejections of claims 1-4, 6-9, and 11-12 has been withdrawn.

REASONS FOR ALLOWANCE

6. The following is an examiner's statement of reasons for allowance:

Claims 1-4, 6-9, and 11-12 (now renumbered as 1-10, for issue) are allowed.

Independent claims 1 (now renumbered as claim 1, for issue), 6 (now renumbered as claim 5, for issue), 11 (now renumbered as claim 9, for issue), and 12

(now renumbered as claim 10, for issue) respectively recite the limitations of: the color difference index not being calculated from differences in the spectral reflectance of the sample color and the comparative color but rather being calculated from differences in colorimetric values of the sample color and the comparative color, the colorimetric values being either CIE-L*a*b* values or CIE-XYZ values, and the image quality index being a function of both of a graininess index (GI) indicating graininess of a print and an ink amount index indicating an ink usage amount of colorant inks.

The combination of these features as cited in the claims in combination with the other limitations of the claims are neither disclosed nor suggested by the prior art of record.

The closest reference of Arai et al (US 5,929,906, as applied in previous Office Action) discloses color correction minimizing a color difference between colorimetric values under two different illuminants. However, Arai does not teach the limitations cited above.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
